

\$500 off* when you install new gas hot water

Temperature Control - Safe

Hot water that never runs out

Only heat the water you need

General Campaign Terms:

- A limited number of natural gas hot water rebates are available to the first 1000 valid claims in South Australia, where a homeowner upgrades their electric, solar or LPG hot water service to natural gas, on or after 1 January 2016;
- This offer applies to existing homes (including rental properties) and businesses. New builds are excluded;
- A limit of one hot water rebate is available per property;
- The \$500 hot water rebate is only available through participating suppliers. Australian Gas Networks does not reimburse customers direct. A list of participating suppliers is located on our website www.maketheconnection.com.au/sa;
- The hot water service is required to be purchased and installed through a participating supplier to be eligible.

Exclusions:

- Natural gas to natural gas hot water service replacements;
- 'Installation only' jobs;
- New home hot water installations;
- Gas-boosted solar hot water services.

The sale and installation of appliances is not regulated by Australian Gas Networks and prices will vary between participating suppliers. It is recommended you obtain more than one quote.

* Conditions apply.
